Gianmarco Olivari

1955 - 1997

Con l'improvvisa scomparsa di Gianmarco Olivari, la sera del 21 giugno 1997, l'ambiente numismatico ha perduto un insostituibile protagonista. Molto conosciuto in Italia ed all'estero per la sua competenza in molteplici campi, Gianmarco sarà profondamente rimpianto dai tanti amici e colleghi che intratteneva con le sue brillanti capacità e che sono stati profondamente feriti dalla perdita di un uomo eminente, nel pieno delle forze.

Gianmarco era un odontoiatra, esponente di quella cerchia di eruditi che, nella società italiana, hanno propugnato per secoli i valori dell'estetica ed del sapere. Si è spento dopo il ricovero in ospedale conseguente ad un incidente stradale mentre era accostato al lato dell'autostrada Brescia-Bergamo. Mariagrazia Locatelli, la sua giovane sposa, dopo un ricovero in ospedale è ritornata a casa, mentre la figlia Violante di tre anni, è rimasta fortunatamente illesa.

In omaggio agli innumerevoli e graditi suggerimenti forniti dal nostro defunto amico per i nostri studi, questo catalogo è dedicato alla sua memoria.

With the sudden tragic death on the evening of the 21 st June 1997 of Gianmarco Olivari, the world of scholarly coin collecting has lost a respected colleague. Well-known in Italy and abroad for his expertise in many series, Gianmarco will be deeply missed by his many friends and associates who have been devastated by the loss of a distinguished man at the height of his career.

A dentist by profession, and this typical of the cultivated professional classes who have for centuries sustained the aesthetic values prominent in Italian society, Gianmarco died in hospital as the result of an unfortunate car accident on the Brescia-Bergamo motorway. His young wife Mariagrazia Locatelli survives him, together with a three-year old daughter Violante.

In gratitude for the many welcome contributions made by our late friend to our hobby this catalogue is dedicated to his memory.

CONDITIONS OF SALE

The following conditions are understood to be acknowledged by all persons participating in the auction, whether bidding in the room on their own account or executing commissions for others or submitting bids by post or fax.

Estimates are in UK Pounds and opening bids will be about 80% of estimate, unless there are higher offers. The purchase price together with a commission of 11.75% inclusive of VAT and sending charges where applicable is payable in UK pounds, the total sum being due after the final bid and payable on delivery. There will be a 3 % service charge for purchases by credit card. Late payment of the invoice, which is due upon receipt will incur interest at current bank rate. Adjudication ensues after the highest bid and commits the bidder to accept the coins. Written bids have preference over room bids. In the case of competing equal written bids, the first received takes precedence. The buyer cannot claim to act on behalf of a third party.

Authenticity of the coins is unconditionally guaranteed, without time limit. All identifications of the items sold in this catalogue are statements of opinion and made in good faith.

Despatching of purchases is normally registered and insured at the purchaser's expense. The purchaser is responsible for any dues or taxes outside the EU and is advised to acquaint himself with the formalities. The auctioneer cannot be held responsible for contraventions.

The auctioneer may change the order of lots in the catalogue or unite lots; lots however cannot be divided. Where, in error, text and plate numbers are mismatched, the text number takes precedence. The auction is held in London and any legal questions arising shall be there determined.

The coins will be on view at our premises until 6th October and at the Arts Club during the Auction.

In 174 Aurelius returned to Rome having successfully subdued the barberians and extended the empire's boundaries to the Carpathians. As a result of a revolt in Egypt Aurelius abandoned all thoughts of extending the Empire to include the German tribes and in 175 declared victory and made peace, with only a ten-mile-wide strip across the Danube annexed.

1020 Antoninianus, 'RSR' issue. Æ 3.40 g. Bust r. / CONCORDIA MIL Clasped hands; in ex., R S R. RIC 543 var. Very rare. VF/ good VF £220

The letter RSR were until now believed to be either a mint mark or an abbreviated form of the title of the Chief finance officer. It is now thought, thanks to a soon to be published article by Guy de la Bédoyère in the Numismatic Chronicle, to be a short hand version of a Virgil quote "Redenut Saturnia Regna. i.e. The Saturnian Kingdom returns" or the return of the golden age. Similar groups of letters on the three known medallions show a short hand version of part of the same stanza. As these quotes from Virgil may have been part of a Victory panegyric for either Carausius's seizure of power in late 286 or his later defeat of Maximian in 289, it would seem that the coins and medallions referring to the Virgil stanzas could be part if the donation given at that time to Carausius's victorious troops, whilst the speeches were fresh in their minds. Marin Faliero, LV Doge, fu eletto l'11 settembre 1354. Il 4 novembre dello stesso anno, i Genovesi batterono i Veneziani a Portolungo costringendo così il Doge a patteggiare una tregua che creò scontento nella città soprattutto tra i patrizi veneziani. Di carattere ambizioso, Faliero cospirò insieme a parenti e sostenitori per abbattere il governo ed accentrarlo nelle sue mani. Scoperto, fu decapitato il 17 aprile 1355. Nel 1366 venne tolto il suo ritratto dalla Sala del Maggior Consiglio dove ancora oggi sono conservati quelli di tutti gli altri Dogi. Le sue monete, eccetto il soldino, sono di grande rarità.

Dopo aver rifiutato le richieste di sottomissione di Federico che li avrebbe trascinati alla condizione di servaggio, i Mussulmani ancora presenti sull'isola, iniziarono a ritirarsi sulle montagne e nelle roccaforti dell'isola, vivendo principalmente di scorrerie. Nel 1222 Federico pose subito sotto assesdio Giato ed Entella che in meno di un anno vennero espugnate. Questa moneta di mistura attesta come furono, fino all'ultimo, attivi gli scambi commerciali di questa piccola città, principalmente con il mondo mussulmano mediterraneo.

Repubblica San Marino.

2020 Saggio da 20 lire, AR 17.10 g. REPVBLICA DI S MARINO Tre penne coronate su merlature sopra cartella senza valore. / SALVAM FAC REPVBLICAM TVAM Busto di San Marino di fronte con le tre torri. La moneta presenta le caratteristiche generali dell'emissione definitiva, ma è priva del diritto del marchio di zecca, dell' indicazione di valore e della firma dell'incisore; al rovescio é priva della data. Il peso di 17 grammi ci fa supporre che sia un saggio della lega d'argento. Infatti esistono per queste monete pezzi al titolo di 800 millesimi e di 15 grammi di peso e pezzi di 600 millesimi con un peso di 20 grammi. San Marino emise sempre nominali conformi a quelli circolanti in Italia servendosi della zecca di Roma e come le omoleghe monete italiane da 20 lire al titolo di 800 millesimi avevano rivelato alcuni difetti come il suono non argentino e la difficoltà della coniazione per la pasta d'argento più dura, si decise di eliminare tali inconvenienti di ridurre il titollo di 600 millesimi aumentando il peso in modo che il contenuto d'argento fino rimanesse invariato. Questo esemplare, apparentemente mai apparso e pubblicato, dovrebbe essere quindi di una lega intermedia tra le due conosciute. Fdc £500
